

## Dr. Frank Adamo

We're excited to introduce Dr. Frank Adamo, a board-certified Podiatrist based in Pennsylvania, who now joins our team at Comprehensive Diagnostic Center. Dr. Adamo is one of the only providers in the region certified in foot, rearfoot and ankle reconstructive surgery. Dr. Adamo is also the residency director of a surgical residency training program with privileges in two major hospital systems. Dr. Adamo has been serving the Southern Delaware County community since 2005 with a dedicated focus on all aspects of Foot and Ankle care. His patient-centric approach reflects his belief in treating everyone as if they were his own family members. He stays updated on cutting-edge technology, including surgical implants and wound care products, ensuring his patients receive the most advanced treatments available. We're privileged to have Dr. Adamo on board, enriching our commitment to excellence.

***Please call CDC to schedule with Dr. Adamo or any of our other physicians! If you have any questions or need additional information, please contact our home office at 1-800-494-0321 or visit our web site at:***

**[www.cdcime.com](http://www.cdcime.com)**

-  All physicians utilized by CDC have excellent track records in providing quality reports, depositions and testimony resulting in value-added outcomes
-  CDC offers a comprehensive overview letter to the physician prepared by a disability case manager upon request
-  A certified disability specialist/case manager is always available for consultation or assistance

CDC has over 4 decades of experience as a national coordinator of Independent Medical Examinations. IMEs are effective tools for clarification of treatment needs, causality issues, work capabilities, establishing Maximum Medical Improvement (MMI), determining future claims exposure, setting reserves, establishing permanency and moving the claim toward resolution. These issues may be addressed in exams for Workers Comp, Auto Liability, General Liability, Short and Long-Term Disability, Fitness for Duty and FMLA. CDC provides IMEs for both plaintiff and defense cases.

### **Going the Extra Mile to Coordinate and Deliver Quality Services:**

- ✓ Audio and Video Depositions
- ✓ Fitness for Duty Evaluations
- ✓ Functional Capacity Evaluations
- ✓ Diagnostic Studies (i.e. MRI, EMG/NCV)
- ✓ IREs, DREs, IMEs, DMEs, etc.
- ✓ FMLA 2nd Medical Opinions / Surgical Opinions
- ✓ Peer or Medical Record Reviews
- ✓ Permanency Evaluations
- ✓ Translation and Transportation Services
